I am a professional and enthusiastic programmer in my daily life. I'm a passionate MERN stack developer with a strong background in creating dynamic and efficient web applications. My expertise spans the full spectrum of the MERN stack: MongoDB, Express.js, React, and Node.js I am a quick learner with a self-learning attitude. I love to learn and explore new technologies and am passionate about problem-solving.

WORKING EXPERIENCE

Frontend developer

March 2024 - Present

As a frontend developer at fiverr . I am responsible for converting ideas to products using modern technology and collaborating with the dynamic team.

- Developing and maintaining robust applications solutions using a diverse tech stack including ExpressJS, NodeJS, React, Redux, NextJS, MongoDB, etc.

- Worked with the front-end development team as a frontend-developer using React, Redux, SCSS, and Tailwind CSS.

- I love to analyze what problems are around and work on how to solve them with technology and do a lot of things.

TECHNICAL SKILLS

- ★ **Front-End:** ReactJs, NextJs, Redux, Javascript, Bootstrap, Tailwind CSS, Ant Design,MUI.
- ★ **Back-End:** JavaScript, Node Js, Express Js.
- ★ **Database**: MongoDB.
- ★ **Toools:** GitHub, Netlify, VS Code, React dev tools, Figma, Vercel, Canva.
