Phone: +880 1852024152
Address: Pabna Sadar Pabna, Bangladesh

Career Objective

As a highly skilled and motivated Jr. Web developer, I aim to leverage my deep understanding of HTML, CSS, Tailwind CSS, JavaScript, React JS, Node JS, Express JS and MongoDB to contribute to a dynamic and innovative development team. My goal is to apply my expertise to build scalable and efficient web applications. In the future, I aspire to become a lead developer, driving projects from conception to deployment, while mentoring junior developers. My goal is to continuously learn and adopt new technologies, ensuring that the solutions I create are at the forefront of industry standards.
